The screenshot displays the Admin Dashboard interface. At the top, there's a navigation bar with tabs: Home, Foods, Orders, Users, Riders, and Messages. Below the navigation bar, the main area is titled "Admin Dashboard". It features several cards: a "Welcome!" card with "ADMIN" and "Update Profile" buttons; a "Paid Orders" card showing a total of ₱100 with "View Orders" button; an "All Orders" card with a "View Orders" button; and two other cards labeled "1" and "11" which are partially visible. A large central window shows a detailed view of an order with fields like User ID, Date ordered, Name, Email, Number, Address, Food ordered, Total price, Amount Paid, To change, Payment Method, Reference Number, and Delivery Rider. Buttons for Paid, Update, and Delete are at the bottom of this window. Callouts with arrows point from the text annotations to specific elements: one arrow points from the text "you can see here the total paid orders of the customers" to the ₱100 total in the Paid Orders card; another arrow points from the text "you can see here the total orders of the customers" to the "View Orders" button in the All Orders card; and a third arrow points from the text "you can see the information of the customers and you can update their orders" to the detailed order view window.
